

WANTED – HELP!!

1971 Kawasaki 650 W1 SA

I have had a 1971 Kawasaki 650 W1 SA for ages now and, over the years, I have fixed it up to completed stage.

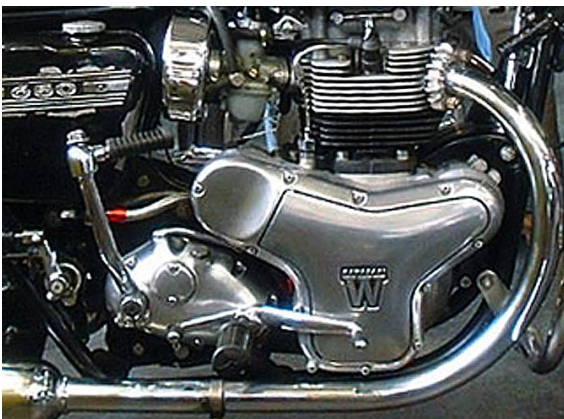

Had it running, but it's not running now, so I am looking for someone local with knowledge of this bike, to help get it running sweet.

Any Ulysses members out there who have perhaps owned, or worked on a W1, W2.

I also need to get it to the pits for licensing. Can pay cash.

Also if you live in or around Fremantle WA, and want to catch up for a coffee, or just chat about W1's let me know.

Being semi-retired I am available during the week.
