Newsletter of the Fremantle Branch of the Ulysses Club of Australia Inc.

**Price
\$1.00**

Hi Everyone,

The months seem to be going faster! Maybe that is just old age (but I'm not old).

Again we had some great Rides in September/October including the Esperance Ride which was enjoyed by everyone that went along. Thank you again Tony for the planning and effort you put into it. The Ulysses Annual Memorial Ride was held and Patrick sort of got everyone there. Reg took us to Beverly (so he could visit his Mother), Simon lead a ride (after refueling) but had to cut it short because of a tyre problem (it was flat on the bottom). One day he will make it all the way! We had a nice warm ride to Waroona with Will, we had a few from Perth Branch join us for the ride.

The Odyssey was on in Moora hosted by the Joondalup Branch. It was a great event and well organized. All of the Fremantle crew that attended seemed to enjoy themselves. Some more than others but I won't tell stories.

At the Presidents Meeting it was decided that Geraldton will host the 2016 Odyssey and Fremantle will be in charge of the 2017 Odyssey. Ulysses will also have a stand at the upcoming Motorcycle Show at the Claremont Showgrounds. There was also discussion around the need to get some new younger members joining the Club as numbers are slowly declining. Another point was that we should all share lists of Members going to the AGM so people can partner up to ride over if they wish.

The Ride to Conquer Cancer is on again this weekend 17th - 18th October. Tony Collins will be contacting you all about your locations. Thank you to all of you that put your hand up to help out.

Ulysses Club Fremantle Branch "Mike Smith 5 Towns Memorial Ride" is scheduled for Sunday 1st November. It will be leaving from Gateways Shopping Centre at 9 am (ride/drive by pick up in Karragullen), Morning Tea in Brookton, via Northam for Lunch in Toodyay and a "Sticky Bun" in Bindoon before returning home. I have been in touch with Mike's family and they are very honoured by our tribute to their Father and will be involved in this year's ride. Fleur and her partner will meet all of us in Toodyay for lunch and then continue on to the sticky bun stop. Her brother would like to come along in his MX5 and her younger sister and brother will farewell us all from Gateways.

The Annual Jurien Weekend is on again 6th – 8th November. You should have confirmed your accommodation by now. There will probably be 2 rides going up one on Friday & one on Saturday, we will ask for a show of hands at the meeting. Keep an eye on the Ride Calendar. We will also need a show of hands for catering purposes.

The Committee have started planning the Christmas Party the proposed date is Saturday 28th November. We were hoping to have this sorted before the meeting but we could not get the committee together in time, so we will confirm everything ASAP.

Are any of you interested in helping out at the Mandurah half ironman this year? (Tony Collins & Gary Phillips helped out last year) It is on Sunday 8th November at 6.30 am. Riders carry officials and photographers as pillions, and receive \$50 cash and a fuel voucher to use on the day. Fremantle branch would receive \$65 per bike as well. Contact - Chris Glover 0419919275 or compland@dodo.com.au if you can assist.

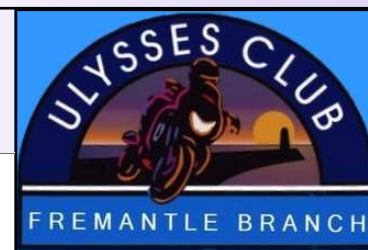

That's it for now.

Remember— It's not what you ride, it's your attitude that counts!

FOOD MENU

Jurien Bay Blessing of the Fleet
(Friday 6th and Saturday 7th November 2015)

32 beds in three cottages have been put on hold for Ulyssians for 2015

Dinner will be a barbeque with salads and desserts provided at cost.

Money will be collected on prior to meal.

Sunday breakfast will be DIY.

Three cottages have been booked for Ulyssians for Friday and Saturday nights.

If demand warrants Dianne will hold a further cottage or two for Ulysses members.

A deposit will be required to hold a booking for you as this is a busy weekend with the Blessing of the fleet on Saturday morning 7th November at 11am and fireworks at night after sunset.

Any rooms not confirmed by August/ September will have to be released for other people so get in now while beds are available.

WHAT TO DO

- ◆ Mark dates in your calendar
- ◆ Phone Dianne at Apex on 9652-1010 and book your bed for one or two nights
- ◆ Pay deposit
- ◆ Volunteer for a job as below

I NEED

- ◆ Ride leader for Friday 6th for early birds
- ◆ Ride leader for Saturday 7th
- ◆ Event Treasurer to collect food money on the day
- ◆ Three TONGMASTERS to cook the barbeque on Saturday night
- ◆ A few assistants to help prepare the salads on Saturday afternoon
- ◆ Slaves to wash up after the meal

Details on the program for the blessing of the fleet will be forwarded when available.

Message and Safety Report from Dave Wright

Motorcycle representation on RAC Council Election - 2015

Hi All (especially the RAC members among you),

I have nominated for selection on the Royal Automobile Club of Western Australia Council (RACWA).

I firmly believe that I can contribute positively to the growth of the RACWA in the areas that I have worked with that organisation over many years - to improve the safety of the most vulnerable road users in our community namely pedestrians, cyclists and particularly motorcycle and scooter riders.

I remain committed to actively assisting and supporting all riders and pedestrians. I have accumulated many years knowledge and experience and will work tirelessly for rider safety and sensible, practical legislation to improve roads and roadsides for all vulnerable road users. Those amongst you who know me personally can testify to that however, I NEED your support to achieve this.

There are currently 15 sitting councillors on the RACWA Council. This election, there are 7 candidates standing for the 4 available positions.

You can vote for 1, 2, 3 or 4 candidates and I would sincerely appreciate your support by placing a 'X' alongside my name (not a tick). As 4 incumbent RAC councillors are re-nominating, my best chance of success is for my supporters to vote for me only.

RACWA members will be receiving their copy of the RACWA *Horizons Magazine* towards the end of September in which the **RACWA Council Voting Ballot Form** will be included.

Again, I would sincerely appreciate your support and sharing your personal recommendation to your friends, family & neighbours.

David Wright
President
Motorcycle Riders Association of Western Australia Inc.
Ulysses Club National Road Safety Committee (WA representative)
Motorcycle Safety Advisory Group member.
Vulnerable Road User Group member.

SAFETY REPORT

August 2015

IN THIS REPORT –

Motorcycle helmets update

Motorcycles first aid training

2015 Motorcycle Safety Week

Rider training

AMC Conference

MOTORCYCLE HELMETS UPDATE

As many of you would already know Victoria allowed the use of helmets that meet the European standard ECE 22.05 without the need for retesting in Australia from early August, this follows from the same legislation in Queensland in January. I have contacted the members of the W.A. Motorcycle Safety Advisory Group asking what our position in W.A. is. Main Roads, Department of Transport and Road Safety Commission have indicated that they do not have any objections and believe that we should have uniform helmet regulation throughout Australia. I will be pursuing this at our next formal meeting in early September. The downside of this is that the federal legislation does not allow the sale of any helmets in Australia that do not meet Australian Standard AS 1698 which means you are forced to buy on line. This is something we don't support because you should never buy a helmet you have not had on your head to check for fit and online you can't always trust who you are buying the helmet off. Rejected helmets have appeared in Australia that have been bought on line. The other alternative is to buy ECE 22.05 approved helmet if you are overseas. (New Zealand allows these helmets to be sold in motorcycle shops. As far as the road block put up by the ACCC that does not currently allow ECE 22.05 helmets to be sold in Australia I can tell you the Australian Motorcycle Councils, Motorcycle Helmets Committee are working hard to get this changed (I am a member of this Committee) I also believe if we have 3, 4 or 5 states allowing the use of these helmets then the federal government will have no choice but to change the legislation to allow the sale in Australia of helmets that reach this excellent international standard for motorcycle helmets. I will keep you informed of developments.

MOTORCYCLE FIRST AID COURSE

I have been contacted by Tracy Lee Hughes from First Aid for Motorcyclists who I met earlier this year at a Motorcycle Safety Forum in Wodonga Victoria. She is keen to bring their course to Western Australia and conduct half day courses in Perth, Bunbury and Albany. These are excellent courses designed by motorcycle riders for motorcycle riders who understand the particular need of motorcyclists. Check out their flier on our website or our Facebook page or have a look at their website www.firstaidformotorcyclists.com.au I will keep in touch with Tracy and let you know the dates once they are locked in.

2015 MOTORCYCLE SAFETY WEEK

This year's Motorcycle Safety Week will run from October 30th – November 7th the launch will be the 2015 Perth Motorcycle and Scooter Show at Claremont Showgrounds, we will have our MRA rider safety stand for all 3 days and the charity ride to the show will be led by Danny Green and his campaign against coward one punch attacks. We will hold a ride your motorcycle to work day and breakfast in the city on Wednesday 4th November. We anticipate having a reserved area in the Perth CBD for motorcycles and are working with the Perth City Council. At the end of the week we will be hosting a motorcycle safety forum for all interested motorcyclist to attend. We will have guest speakers from the field of road engineering for motorcyclist and establishing a 5 star rating for motorcycle clothing. All attendees will have an opportunity to raise issues through group workshops. We will also have completed the motorcycle safety videos by then and will launch them along with other safety posters and literature. This is still a work in progress so I will keep you informed.

RIDER TRAINING

I have been in talks with Dale and Nic Hill from On Yer Bike Rider Education on running regular rider training days by combining the current Ride Right Course with one they are developing. This course will be a combination of theory and practical lessons designed to improve you're riding skill and safety. We hope to hold the first one in October and will advertise the dates.

AMC CONFERENCE CANBERRA

I recently attended the annual Australian Motorcycle Council (AMC) in Canberra which was also attended by delegates from every Motorcycle Associations and Motorcycle Councils from every Australian state and territory other than Northern Territory although we did get a annual report from the Northern Territory. This year the conference lasted for 2 full days and I found the work and information that we all shared to be invaluable with emphasis on helmets, protective clothing, training, and infrastructure. There is a more detailed report on the MRA website www.mrawa.org Please contact me if you require further information.

Reg's Ride to Beverley

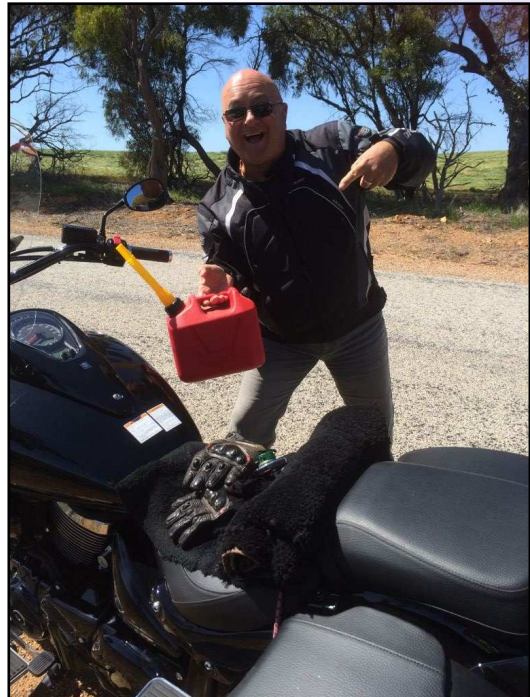

It was a cool and sunny day for a motorbike ride to Beverley last Sunday and Reg took us there.

After a warming morning tea in Mundaring we set off for Beverley, however, before getting to York Paul started to slow down waving us passed and we guessed he had run out of fuel!

Ron Spencer kindly rode into York, bought a few litres of petrol and before long Paul and those who stayed with us him were on their way again - to join the group for lunch in Beverley.

We all had a good day's riding!

(Life would be pretty dull without great characters like Paul)

Message for those intending to attend the Ulysses Club 2016 AGM in Launceston Tasmania.

Thank you for registering your interest to travel with Spirit of Tasmania to the Ulysses Club 2016 AGM in Launceston.

Spirit of Tasmania departs from Port Melbourne, Victoria arriving in Devonport, Tasmania a short 50 minutes from Launceston.

Our inventory is now open to book your travel to and from Tasmania for travel dates between 15 January 2015 and 31 March 2015 inclusive.

We anticipate strong demand for travel to this event during February, March and April of 2016 and encourage you to make your booking as early as possible. It is recommended to book both your forward and return journey.

Tips for booking:

- Special Event discounted fares available to book via the internet. Accessible by following this link: www.spiritoftasmania.com.au/ulysses
- Bookings can be made with our Group and Special Events Team by calling [1800 635 877](tel:1800635877) or email groups@spiritoftasmania.com.au
- Book both your forward and return journey
- Trikes and Spyders are classified as a 'trike or motorbike with sidecar' when choosing vehicle type
- Motorcycles, Trikes or Spyders towing a trailer should be booked as 'motorbike with trailer'
- Refer to our FAQs page for important information relating to the carriage of gas cylinders, gas canisters, firearms, fishing gear and Tasmanian Quarantine regulations.
- Be sure to book over-height space if your vehicle is over 2.1m high
- For general questions please call our Customer Contact Centre [13 20 10](tel:132010)

We thank you for choosing to travel with us and we look forward to welcoming Ulyssians, their friends and family on board Spirit of Tasmania.

Ulysses Club AGM Event
29th February – 6th March
2016

TUESDAY NIGHT - welcome to the Event Virgins (first timers)

Gourmet Tasmanian BBQ

Bread Rolls & butter

Locally made Thick Chicken & Chive Sausage

Tassie Beef Burger

Kassler (smoked loin of pork)

German Potato Salad

Garden Salad sourced with local vegetables

Condiments: tomato & red pepper chutney, seeded mustard and
tomato sauce - *portion controlled packs*

Cost \$26.00 per person GST inclusive

SATURDAY NIGHT - formal Event dinner & New NatCom introduction

Dinner Roll & Butter

Braised Flinders Island hindquarter Lamb Shank &
vegetables in a red wine jus
Served over Ashgrove Parmesan Mash

Dessert: Tasting platter with a sweet profiterole,
a lemon and lime slice and a chocolate éclair, all
served with Tasmanian Berry Sauce and double
cream

Cost \$35 per person GST inclusive

Strange But True History Facts

Flour

During the Dust Bowl, people sewed clothes out of flour sacks when money was tight. When flour distributors heard about this, they made their bags more colorful so the subsequent clothing would be more attractive. Always lookin' out!

Winston Churchill

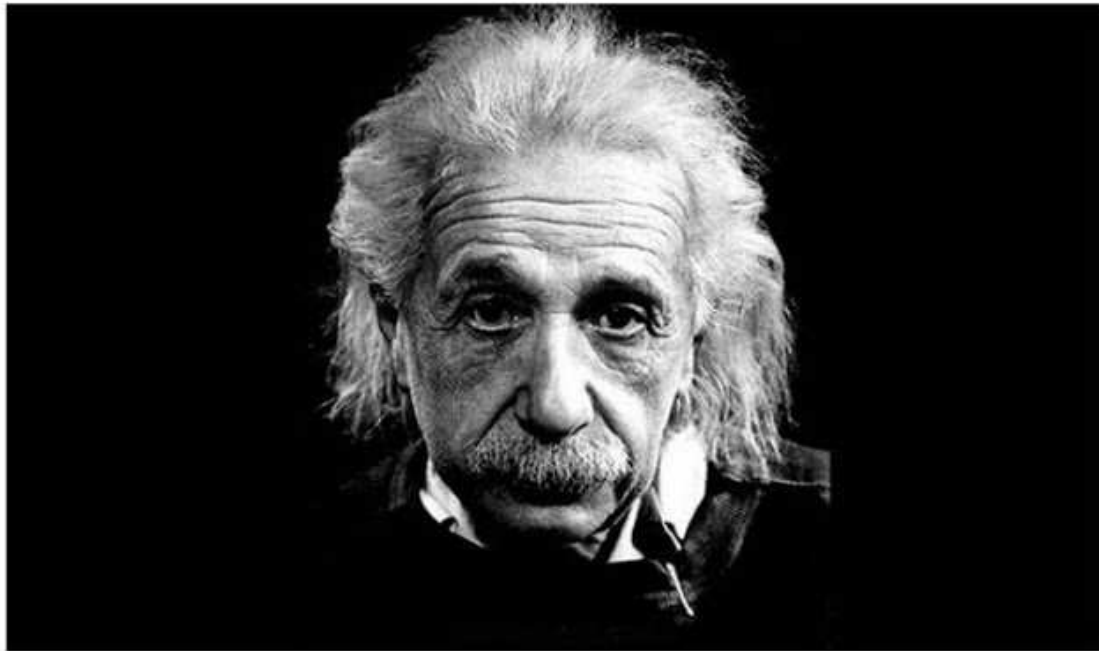

Winston Churchill famously stated that he limited himself to 15 cigars per day. That's a very generous limit, even for the British Bulldog himself.

King Tut

Recent DNA tests have confirmed that King Tut's parents were brother and sister. This could explain all those pesky illnesses and deformities.

Einstein

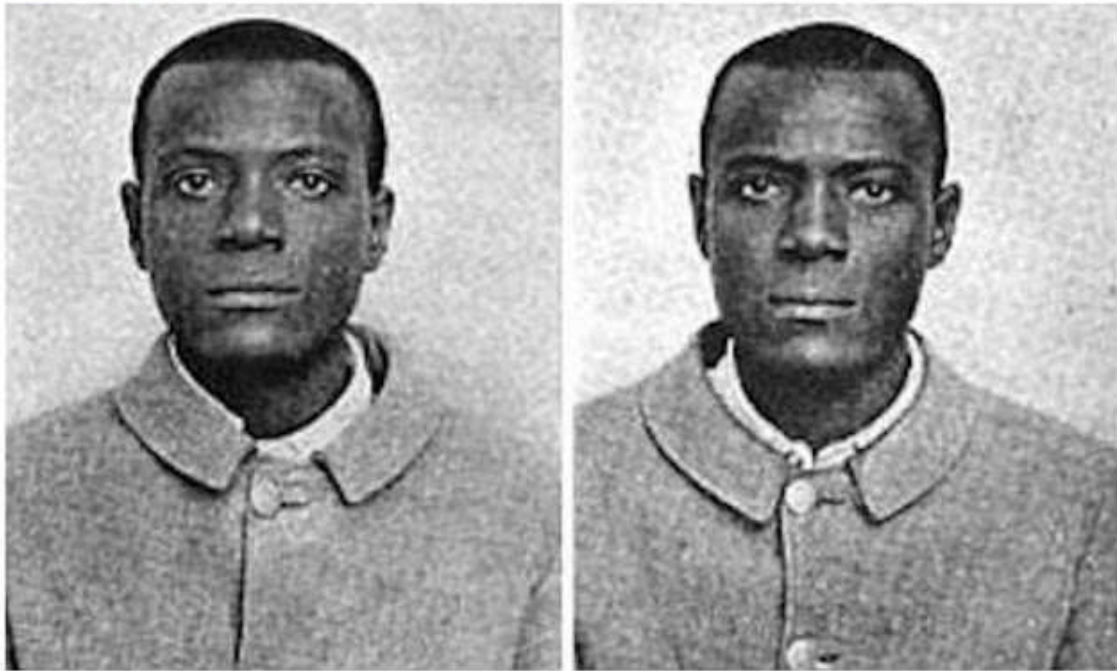

Albert Einstein was offered a presidential seat in Israel. He declined.

Spanish Donkey

This form of torture involved having people sit naked on a board many feet in the air. Torturers would then tie increasingly heavy weights to their feet. This was obviously uncomfortable.

Fingerprints

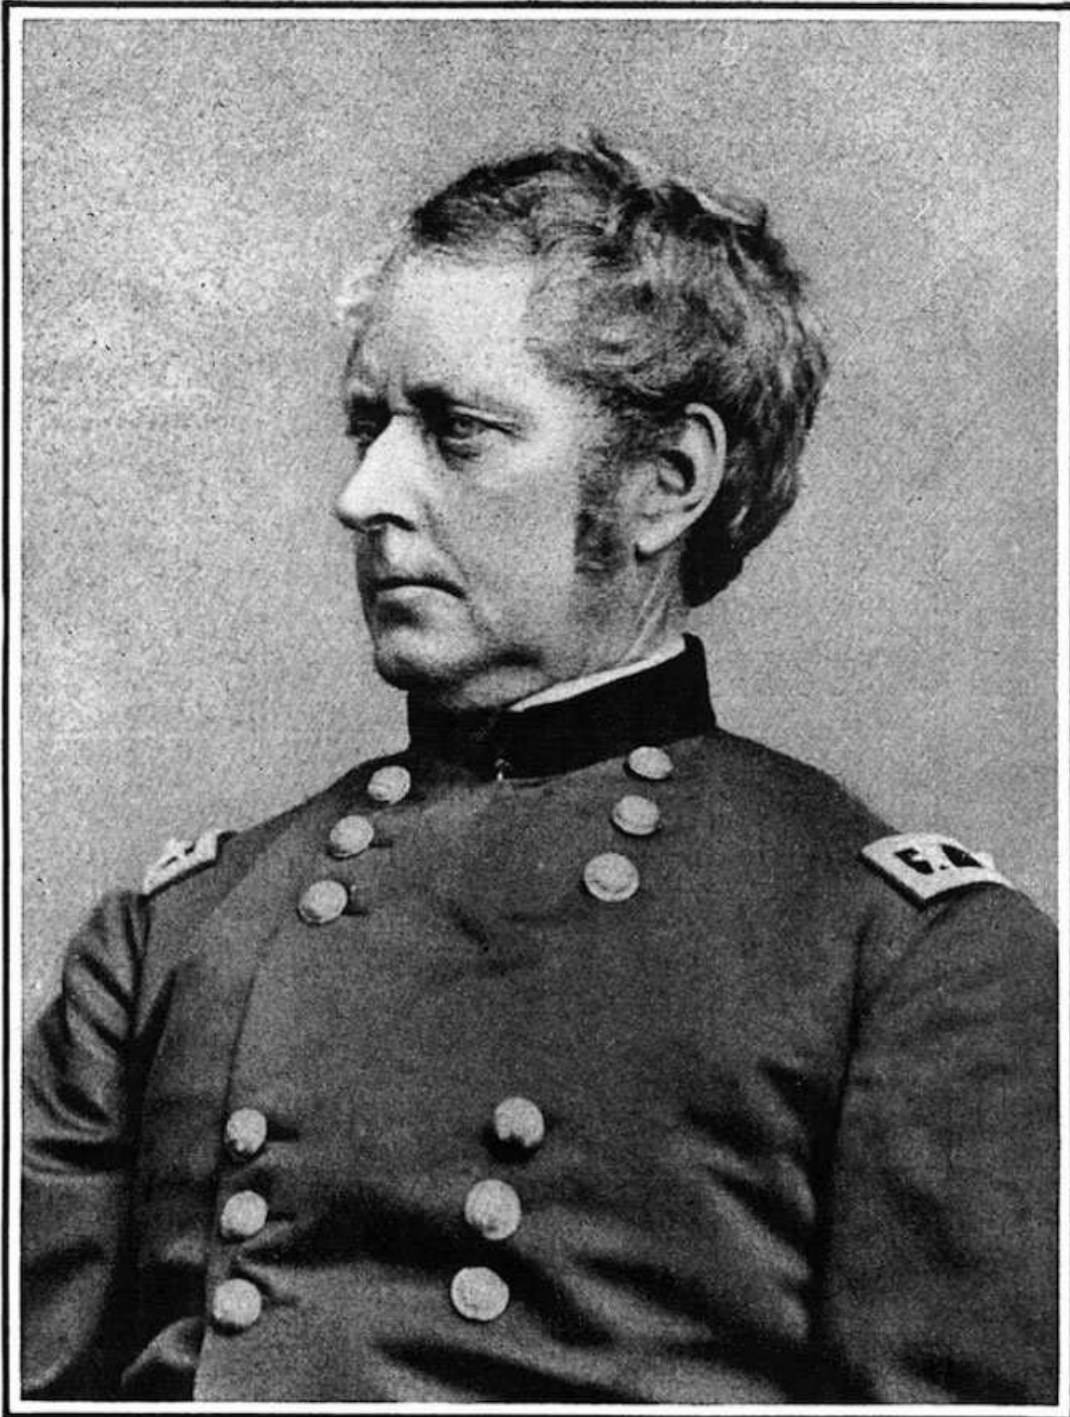

These two men look nearly identical, they had the same name, and they were sent to the same prison. Before imprisonment, they had never met. They are the reason why fingerprints are now used to identify people.

The Shortest War Ever

The Anglo-Zanzibar War lasted only 38 minutes, making it the shortest war in history.

Prostitution

Civil War General Joseph Hooker brought prostitutes along for his soldiers to keep them sexually satisfied. His legacy is so (in)famous that his name is now synonymous with the world's oldest profession.

Catholic Saints

There is a belief that Catholic Saints' bodies do not decay. For example, St. Cecilia died in 177 A.D., and she looks very much the same as she did at her time of death.

Kim Jong-il

Over the course of his life, this infamous dictator composed six operas.

Anna Mae Dickinson

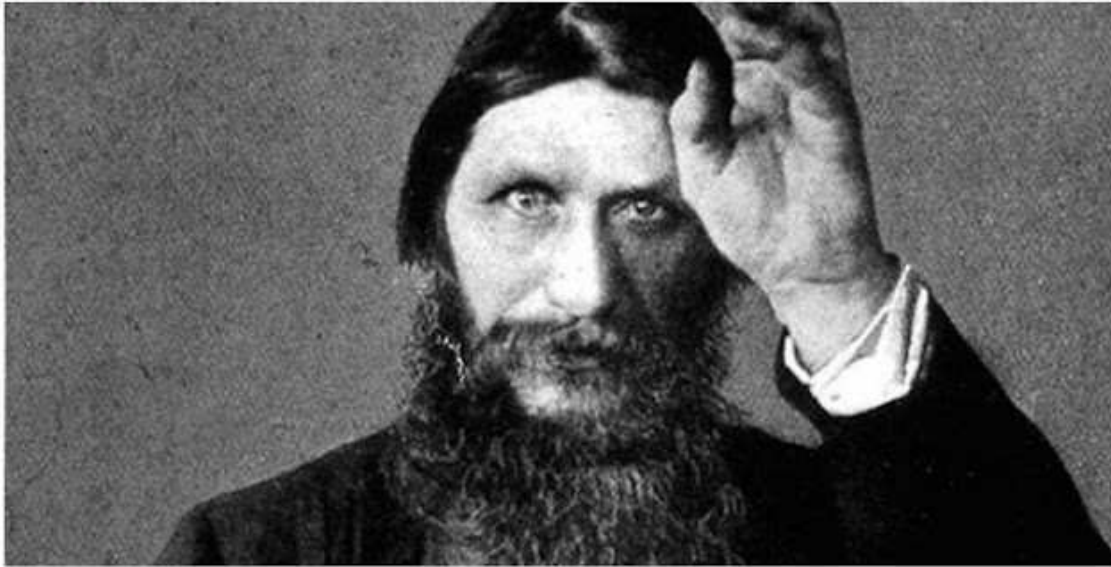

This has to be the luckiest woman to ever live. Over the course of her life, she survived the sinking of the Titanic and the Lusitania, the Hindenburg explosion, the bombing of Pearl Harbor, and the terrorist attacks of September 11, at which point her apartment was destroyed by the collapse of the World Trade Center. I think we've finally tracked down Lady Luck herself.

The Holy Grail

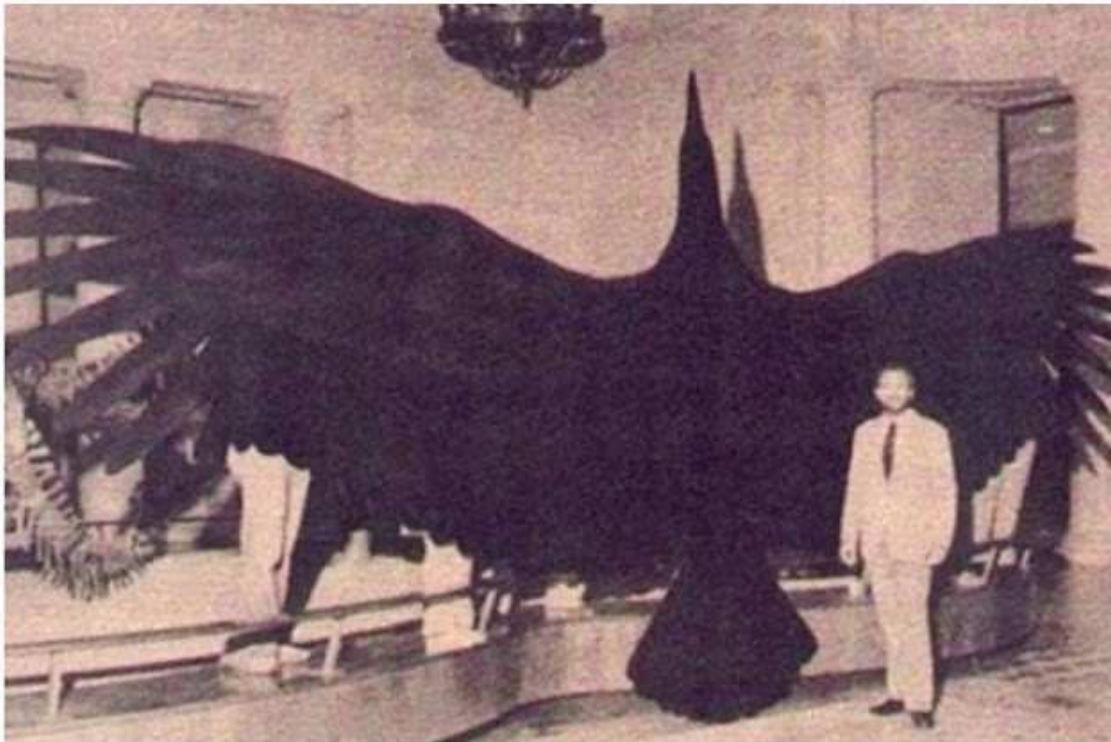

The inscription on this mysterious monument reads "DOUOSVAVM." No one knows who wrote it or what it means, but many believe that it is a code left by the Knights Templar that reveals the location of the Holy Grail.

Grigori Rasputin

Rasputin endured multiple murder attempts in one day in 1916. He was shot, stabbed, and poisoned by numerous people, and he managed to survive. After all that, the cold waters of Russia are what eventually killed him.

The Magnificent Argentine Bird

This bird is thought to be the largest bird ever to fly. It had a wingspan of roughly 21 feet, and it loomed over our planet approximately six million years ago.

Human Alarm Clocks

Before alarm clocks were invented, people were hired to shoot peas at workers' windows to wake them up for their shifts.

Ronald Reagan

During his stint as a lifeguard, Ronald Reagan saved 77 people from drowning.

Monkey Soldier

A monkey was awarded a medal and promoted to Corporal during World War I.

Telephone Cat

In 1929, Princeton researchers were able to turn a live cat into a functioning telephone.

Foot Binding

Foot binding was a tradition in Chinese culture meant to limit the growth of women's feet. The idea was that women with smaller feet were considered to be more beautiful and feminine.

Blackbird

A Native American man named Blackbird was buried sitting on his favorite horse.

Mysterious Spheres

Miners in South Africa have unearthed quite a few perfectly shaped spheres that are all etched with the same three lines around the center. They are presumed to be almost three billion years old, but aside from that, not much is known about their origins.

Dolls

Scientists found a small doll while digging a well in 1889. The figure was found about 320 feet below the surface in Nampa, Idaho, which is peculiar, since that would date the doll back to a time before humans lived in that area. Researchers still don't know how it ended up there.

Heroin

Heroin was once used as a substitute for morphine, and was also used to alleviate coughing fits in young children.

Creepy Morse Code

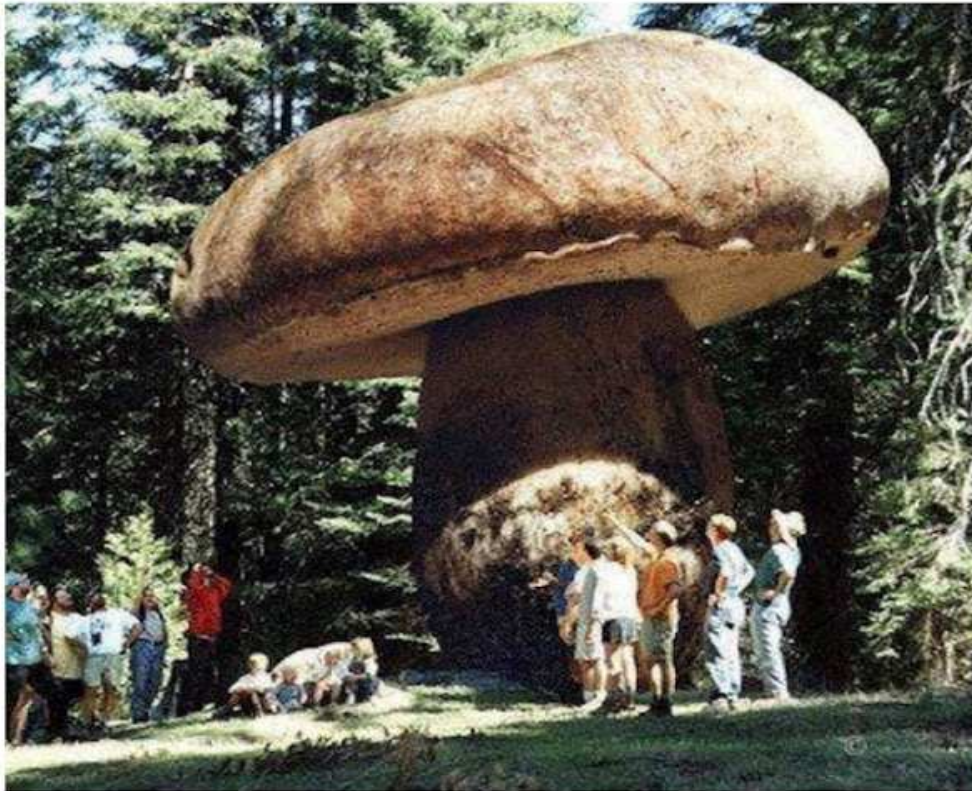

In 1948, the SS Ourang Medan sent numerous distress calls to ships in morse code that were extremely eerie. "All officers, including captain, are dead lying in chartroom and bridge. Possibly whole crew dead." The following message simply said, "I die." When the ship was found, all of the passengers were dead, frozen with their mouths open and facing the sky with contorted looks on their faces. There were no signs of injury on their bodies.

Underwater Pyramids

Using sonar technology, scientists discovered two pyramids 6,000 feet underwater. They are made of glass and presumed to be larger than the Great Pyramid of Giza in Egypt.

The Oldest Mushroom

This mushroom in Oregon is roughly 2,400 years old, and has a root system that covers over three square miles of land. It is still alive and growing today.

Guanajuato Mummies

Guanajuato Mummies are famous for being the most frightening mummies ever found. Their twisted, anguished expressions lead many to believe that they were buried alive.

Stalin's Pictures

Joseph Stalin had his pictures retouched to remove people who had died, presumably to bar questioning from families of deceased members of his circle.

The Leaning Tower of Pisa

In 1173, the construction crew building the Leaning Tower of Pisa noticed that the foundation was crooked. All construction was halted until 100 years later, which means the structure was never straight to begin with.

A mechanic noticed his co-worker drinking brake fluid at lunch.

"What are you doing, man? You can't drink that stuff!"

"Relax," replied his co-worker, "this stuff tastes pretty good, and I don't drink it all the time."

"Seriously," the mechanic exclaimed, "that brake fluid is poison!"

"Hey, man" yelled the co-worker, "back off! I can stop any time I want."

SOME LIGHT HUMOUR

British Harrier jets

Lets hope they mean it !

Nothing like the British sense of humour..... Aren't they Brilliant???

Harrier jets' fly past over London on Multi Cultural Day in a salute to dissatisfied immigrants. It's good to see the RAF still have a sense of humour.

Look at it from an angle or lean back in your chair, and squint;
squinting works best!
